## FIRE AT ST. PAUL.

Gasoline Tank Explodes and Starts  
Destructive Blaze.

St. Paul, May 22.—The explosion of  
the gasoline tank in the engine room  
of the Watrous Engine works at the  
south end of the Robert street bridge  
shortly after 2 o'clock this morning  
started a big conflagration. The watch-  
man, who was reading a paper in the  
room, was hurled across the room with  
such force that he fell unconscious.

The fire spread with amazing rapid-  
ity and in less than five minutes the  
entire building was ablaze. The flames  
spread to the Robert street bridge  
and to the American Hoist and Der-  
rick company's works, illuminating the  
sky for miles around. Brands from the  
fire sailed aloft, dropping as far  
into the city as Fifth and Sixth streets.  
The extent of the damage cannot be  
estimated.

The foundry of the Watrous works  
is a total loss.  
The Hoist and Derrick works will  
be saved.  
The bridge will be impassable for a  
time.

## TORNADOES RAMPANT

TWO PERSONS KILLED AND A  
DOZEN INJURED IN SALINA  
COUNTY, KAN.

DAMAGE AT OTHER PLACES

NEBRASKA AND TEXAS ALSO VIS-  
ITED BY STORMS THAT CAUSE  
HEAVY LOSS.

Salina, Kan., May 22.—The third  
tornado in Salina county within the  
past 24 hours struck Assaria at night.  
Two persons were killed and a dozen  
or more injured.

The dead are: William A. Olson and  
Peter Olson.  
Of the injured none is fatally hurt.  
The house in which the Olsons lived  
was demolished completely and the  
body of William was found forty rods  
from where the house had stood.  
The wind carried the farmhouse occu-  
pied by Neils Olsonburg, a distance  
of five rods. Miss Christine Olson-  
burg saw the storm coming and es-  
caped from the house a half minute  
before it was carried away. A ter-  
rific rain storm followed the tornado.  
At Bridgeport, in this county, hail fell  
continuously for twenty minutes, do-  
ing immense damage to wheat.

DOES IMMENSE DAMAGE.

Tornado Demolishes Property at Ash-  
land, Kan.

Ashland, Kan., May 22.—This place  
and a large portion of the county were  
laid waste in the afternoon by a tor-  
nado. The damage will be immense.  
So far as known, nobody was killed  
and none in Ashland injured severely.  
It is reported from the country  
districts that some were fatally in-  
jured. The indications are that the  
storm was worse in the country than  
in town. This county is sparsely set-  
tled, however, and no particulars are  
obtainable of the extent of the dam-  
age done. The business section of  
Ashland was not damaged to any  
great extent. The residence portion  
suffered most. Six homes were com-  
pletely wrecked. As many as fifty  
houses are partially demolished.  
Three men were injured when their  
houses went down.

The fine fruit farm of F. R. Karns  
was swept clean of trees and build-  
ings. A ranch house was destroyed  
and trees and windmills are down in  
all directions. A large number of cat-  
tle were killed. It is reported here  
that other villages in this vicinity  
suffered, but nothing definite can be  
learned.

ONE FATALITY RECORDED.

Two Tornadoes Pass Through Hedg-  
man County, Kan.

Kinsley, Kan., May 22.—A tornado  
passed over Hedgman county, fifteen  
miles northwest of Kinsley, in the af-  
ternoon, destroying Daniel Gleason's  
house and killing Mabel Tuttle. Later  
another tornado could be seen from  
Kinsley, covering about the same ter-  
ritory, but no reports of damage have  
yet been received.

Blaine, Kan., May 2.—A tornado  
passed through here at night. The  
Commercial hotel was demolished and  
many houses damaged. Nobody was  
injured. The storm was more severe  
in the farming district than in town.

Wright, Kan., May 22.—A tornado  
visited this place at night, demolish-  
ing a number of houses and unroof-  
ing some others. So far as known no-  
body was fatally injured. Crops were  
damaged greatly and much stock  
killed.

NEBRASKA VISITED.

Worst Tornado in Years Strikes Town  
of York.

York, Neb., May 22.—This place was  
visited at night by the worst tor-  
nado that has passed through the county  
since 1890, when the town of Brad-  
shaw was torn to pieces.

Three houses and two barns were  
wrecked and some horses carried  
away. Thomas Mathews' residence  
was turned over with his wife and  
baby inside. Then the wind tore  
down trees and barns, telephone poles,  
etc., and wrecked the United Brethren  
church, costing \$8,000. It is impos-  
sible to hear from the country. No fa-  
talities have been reported, although  
a number of persons were injured.  
During the storm rain fell in torrents.

Ord, Neb., May 22.—Word has  
reached here that a small tornado  
visited the farming country ten miles  
east in the evening. The houses on  
the ranch of Henry Hughes were  
wrecked and outbuildings levelled.  
There were no fatalities.

MOTHER AND CHILD KILLED.

Texas Tornado Demolishes a House  
and Mangles Inmates.

Hereford, Tex., May 22.—A local  
storm resembling a tornado struck  
and demolished the house of D. Wil-  
son, near Summerfield, seven miles  
west of here. Mrs. Wilson and her  
infant child were killed. Mr. Wilson  
and a fifteen-year-old daughter were  
injured.

## DISCUSSES A DEFICIENCY.

Mr. Payne Declares Administration of  
Machen Was Bad.

Washington, May 22.—Postmaster  
General Payne at night discussed a  
big deficiency which has been found in  
the free delivery service. He said:  
"It is very reprehensible for a bu-  
reau officer to have a deficit of \$200-  
000 rolled up on the first day of May.  
It was bad, very bad administration.  
A bureau officer should not incur a  
deficit without consulting his superior  
officer, the postmaster general. I can-  
not stand for this kind of adminis-  
tration. An official must be held  
to a more strict accounting. I do not  
say that there was anything criminal  
or anything wrong in Mr. Machen's ac-  
tion, but it is certainly loose adminis-  
tration and he should have his  
business more in hand. I believe,  
however, that congress will quickly  
vote the money to cover the de-  
ficiency."

Mr. Payne said that Mr. Machen  
would be asked for an explanation.  
The deficiency in the regular free  
delivery and the rural free delivery  
service aggregates \$227,300, of which  
\$105,700 is in the free delivery branch  
and \$121,600 in the rural service.

"This is not the first time that a  
deficiency has occurred in the free de-  
livery service," said Mr. Payne, "but I  
regret its existence."

Mr. Payne said that only the can-  
celling of proposed routes prevented  
the deficiency being larger.

The postmaster general said that  
before Mr. Machen was given his  
"leave of absence," Mr. Bristow is in-  
vestigating the matter.

Superintendent Machen explained  
that he had not misrepresented the de-  
ficiency.

"I should have asked congress," he  
added, "for a larger sum than \$500-  
000 which was voted at the last ses-  
sion for the present fiscal year. The  
pressure for more rural routes was  
very strong and I yielded to it beyond  
what the appropriation really pro-  
vided. The same thing has been done  
in years gone by."

## MAY BE INVESTIGATED.

Minnesota Iron Mines Said to Have  
Paid Too Small Royalty.

St. Paul, May 22.—According to the  
St. Paul Globe, State Auditor Samuel  
G. Iverson has unexpectedly found  
himself upon the threshold of a truly  
stupendous investigation, which, if it  
develops as it promises, means a mat-  
ter of perhaps millions of dollars to the  
state.

Finding occasion to go to the north-  
ern part of the state on business, Mr.  
Iverson recently visited some of the  
mines of the Missabe range that are  
located on state lands. Although he  
does not pretend to be a mining ex-  
pert, Mr. Iverson saw sufficient to con-  
vince him that the royalties which the  
state has been receiving from these  
mines are in no measure commensur-  
ate with the magnitude of the opera-  
tions that are being carried on, and  
that, through some very serious fault  
in the present system of ascertaining  
the amount of the royalties due, the  
state has, for some years back, suffered  
losses in its revenue that will reach  
amounts of almost incalculable mag-  
nitude.

Under the law the state has a re-  
course and Mr. Iverson is determined  
that this shall be enforced and will  
take such steps at once as are neces-  
sary to bring this about. He is still  
in the mining country, engaged in  
some investigations on his own ac-  
count, but is expected to return  
within the present week and it is to  
be presumed that he will take steps  
to bring about an investigation.

## SWEEPS OVER INDIANA.

Heavy Storm Leaves Destruction in  
Its Wake.

Indianapolis, May 22.—A heavy  
storm swept over Indianapolis in the  
afternoon. Wire service was almost  
paralyzed and the damage will reach  
many thousands. Buildings were  
struck by lightning and burned and  
there were some narrow escapes by  
fleeing occupants. The principal dam-  
age was done by lightning at Lebanon,  
Ind. Trees were blown down, out-  
buildings destroyed, the wire service  
paralyzed and no communication can  
be had with the surrounding country  
to ascertain the extent of the damage.  
The dome of the Perkins Hotel, the  
largest in Lebanon, was torn off and  
there were several narrow escapes  
from death. The Cowe street car  
barns were blown down and there was  
destruction everywhere.

At Eliwood, Ind., the storm did  
damage to the extent of \$20,000. Three  
barns were struck with lightning and  
burned.

The new car barns being built by  
the Union Traction company were de-  
stroyed by fire caused by lightning  
and the barns of George Abbott were  
burned. Two miles south of the city  
the barn of Anthony Chambers with  
all its valuable contents was destroyed  
by fire after being hit by a lightning  
bolt. Four men and a boy who were in  
the barn when it was struck were  
stunned and carried out before the  
barn roof fell in.

At Crawfordsville there was a high  
wind but no damage except to shade  
trees. No lives have been reported  
lost.

## SNOW FALLING STEADILY.

Loss Among Sheep in Wyoming Will  
Be Very Heavy.

Granger, Wyo., May 22.—Snow has  
been falling almost continuously in  
this part of Wyoming since Saturday,  
accompanied by a high wind. Many  
sheep herders have been obliged to  
abandon their flocks to seek shelter  
and the herds have drifted back be-  
fore the storm. In Utah county,  
where the storm was the heaviest, the  
loss to sheep, especially among the  
lambing, is feared, to be very heavy.

## REVOLT IS SPREADING

TROUBLE AT CROATIA THREAT-  
ENS TO EXTEND OVER THE EN-  
TIRE KINGDOM.

PEASANTS STONE SOLDIERS

LATTER RETALIATE BY SHOOT-  
ING AND BAYONETTING MANY  
OF THE FORMER.

Vienna, May 22.—The revolt in Croa-  
tia is spreading to every part of the  
titular kingdom and threatens to ex-  
tend to Dalmatia.

The celebrations at Agram of the  
anniversary of the death of Jellacic  
von Buzim, the former ban of Croatia,  
culminated in a fierce conflict with  
the police, who attacked the crowds  
with sabres, wounding many persons  
and making 350 arrests, including sev-  
eral students and women. The city of  
Agram is completely under military  
rule. The principal streets are  
closed by cordons of troops. Four  
regiments, fully equipped for war,  
have been ordered to proceed from  
Oedenburg to the Agram district.

At Bucari and Meja thousands of  
peasants attempted to destroy the rail-  
road in order to prevent the arrival  
of troops. They tore up the rails at  
four different points and when the  
military arrived the peasants pelted  
them with stones, injuring several  
soldiers. The troops retaliated by  
shooting and bayonetting many of the  
peasants.

These Slavs, resident in various  
parts of Austria and Bohemia, are  
holding indignation meetings to pro-  
test against the proceedings in Croa-  
tia, where, as already cabled, over  
2,000 persons have already been im-  
prisoned.

The disturbances in Croatia are  
primarily due to the long standing  
race-hatred between the Slavs and the  
Magyars. The present outbreak has  
two main sources. First, the general  
discontent of the peasantry arising  
from the extreme poverty prevailing  
everywhere and from the fact that in  
parts of the country the peasants are  
on the verge of famine. Second, the  
indignation aroused by the alleged  
tyrannical rule of Count Khuen Hedy-  
vary, the present ban of Croatia.

## Financial Methods Responsible.

The Croats attribute much of  
their poverty to the financial methods  
of the Hungarian government, which  
is accused of drawing from Croatia,  
money in excess of its legal propor-  
tion of the taxes in spite of the pro-  
tests of the inhabitants. Throughout  
Croatia there is an increasing hatred  
of Hungarian rule and language. The  
recent attempts made to introduce the  
Magyar language in Croatia has espe-  
cially aroused popular indignation.

As evidence of official tyranny the  
Croats point out that there is ab-  
solutely no liberty of the press.

The people have no right to hold  
public meetings, not even at election  
time and the government is accused  
of absolutely controlling the elec-  
tions. The Croats, in brief, enjoy  
absolutely no rights of citizenship.

The present agitation covers the en-  
tire country, from Esseg, in the East  
to the districts on the Adriatic coast,  
its immediate cause varying accord-  
ing to the different localities. In the  
districts around Kroutz, the disturb-  
ances have a socialistic origin.

In the towns of the Agram district  
generally the language question is the  
principal cause of the trouble.

In the coast districts the hatred of  
public officials has caused the out-  
breaks.

## GASOLINE TANK EXPLODES.

Over a Score of Persons Burned by a  
Shower of Blazing Oil.

New York, May 22.—A score or  
more persons were injured by the ex-  
plosion of the gasoline tank of an au-  
tomobile, owned by Thomas D. De-  
witz, a wholesale coal dealer. All the  
injured, among whom were a police-  
man and three firemen, were burned  
by the shower of blazing gasoline  
which followed the explosion. While  
several were taken to the hospital,  
none was fatally hurt.

The automobile was in charge of a  
chauffeur who was taking it to a re-  
pair shop, as the gasoline tank leaked  
badly. At Forty-seventh street near  
Third avenue he found the machine on  
fire from leakage from the gasoline  
tank and brought it to a halt. An  
alarm was sent in and after vainly at-  
tempting to extinguish the flames with  
hand grenades the firemen turned a  
stream on the blazing vehicle.

By that time 300 or 400 people had  
gathered close to the machine. The  
water had scarcely been turned on  
when the gasoline tank exploded. The  
burning fluid from the tank scattered  
in all directions and those in the front  
rank of the crowd caught the full force  
of it. A score of men rolled on the  
ground and shrieked with pain, wo-  
men fainted and the fire for a mo-  
ment was forgotten. Then firemen  
dropped the hose and running for  
their rubber coats and blankets ex-  
tinguished the burning clothing of  
many.

## Flurry at an End.

Boston, May 22.—At the close of  
business in the speculative markets  
the situation indicated that the flurry  
of the past two days on the Boston

## DOUBLE SUICIDE.

Husband and Wife Found With Their  
Throats Cut.

Kansas City, May 22.—Fred Letty,  
a laborer, and his wife were found in  
their home at Independence, near here,  
early in the day with their throats  
cut. The woman was dead and Letty  
was in a dying condition and so weak  
from loss of blood that he could not  
talk. A bloody razor lay on the floor.  
Mrs. Letty had threatened suicide and  
it is supposed after she killed her-  
self Letty tried to end his life. The  
couple were found by one of their  
children, three of whom had slept  
through the tragedy in an adjoining  
room.

## POPE LIKES KAISER'S SONS.

Leo XIII. Calls Prince Eitel "Il Bam-  
bino," Meaning "Little Boy."

The pope displayed great interest  
during the recent visit of the kaiser to  
Italy and spoke freely about it, espe-  
cially in regard to the young royal  
princes, says a special cable dispatch  
from Rome to the Chicago Inter Ocean.  
His holiness was particularly affected  
by Prince Eitel, whom he took by the  
hand and, gently patting it, said, "You  
must be about the age of my godson,  
Alphonse of Spain, whom I shall nev-  
er see." He added sadly, "He is a dear  
boy, but not so strong and tall and  
bello (bonny) as this bambino little  
boy."

Prince Eitel's fair skin flushed, much  
to the amusement of the pope, who  
laughed benignly. When the visit of  
the kaiser and his sons was over the  
pope remarked: "Those are boys to be  
proud of. But six! How is it the em-  
peror can look so young?"

Prince Eitel is now being unmerit-  
edly chaffed by his brother, who has  
told the story, and dubs Eitel "Il Bel  
Bambino" (the pretty little boy), which  
sounds terrible in the ears of a soldier  
of nineteen.

## Sweet Scotch Voices.

For real beauty of speech many ex-  
perts think that we must go to the  
glens that surround the highland cap-  
ital. Sir Morell Mackenzie used to say  
that the prettiest speakers were to be  
found in the Badenoch district of In-  
verness-shire. A wider knowledge  
would probably have induced him to  
modify his views and give the palm to  
the glen folk of the north and west of  
Inverness-shire. The voices of the  
highlanders are set low, and yet the  
articulation is clear, distinct and dra-  
matic. One inclines to liken their  
speech to many beautiful things—to the  
clear, mellow note of a bell or the mur-  
mur of running water. The inflection  
of the voice is singularly engaging, ris-  
ing and falling with exquisite cadences  
like bewitching music, and this, be it  
remembered, is the speech of the com-  
mon people.

## The Canvass of the City.

There will be a regular house to house canvass of the City of Brainerd by the arrangement of a general committee on Saturday May 23, 1903 beginning at 1:30 p. m. The generally expressed wish is that the canvassers who have volunteered to do this work, be helped in every possible way by the residents. There will be no idle curiosity in any questions asked. They are printed on slips that each canvasser will fill out as promptly as the answers are given. Those who so kindly agree to do this work are urged not to enter into any argument with any one nor allow themselves to be drawn from a quiet, courteous, demeanor toward all. It is fully expected that each worker will report and be ready to begin on their district at half past one sharp. ## CURES CHRONIC CATARRH.

Hyomei Cures Worst Forms of this Disease in any Part of the System.

It is the height of folly to continue doctoring a catarrhal disease by stomach drugging, when the whole trouble lies in the respiratory organs where nothing can reach the germs but a local direct treatment by inhalation. Hyomei is Nature's remedy for the cure of catarrh. Just breathe it a few times daily and it will effect a cure.

You may have catarrh of the stomach, liver or kidneys and Hyomei will as surely cure it as it will catarrh of the head and throat. The catarrhal germs are in the mucous membrane or tissues and Hyomei not only kills the germs along the air passages, but enters the blood with the oxygen, killing the germs in the blood.

The medicated dry air that goes through the air passages, and into the lungs when Hyomei is breathed through the inhaler that accompanies every outfit, is rich in ozone, purely vegetable and filled with marvelous healing and strength-giving qualities.

If you are tired of stomach drugging and seem to grow weaker all the time, "throw physic to the dogs" and get well with the health giving Hyomei treatment that is Nature's own method.

Rev. J. B. Cook, of Holliston, Mass., says: "My wife has suffered greatly from catarrh for fifteen years. Nearly four weeks ago she commenced to use Hyomei and the beneficial effect was immediate. It is very seldom that she needs to clear her head and throat and she is able to rest quietly at night. For years past she had been troubled with pain in her limbs which we supposed was rheumatism, but since she has used Hyomei that affliction has disappeared."

H. P. Dunn & Co. will return your money if Hyomei does not cure you of catarrh. This shows their faith in the remedy. 12

## The Limit Reached.

The prisoner, a faded, battered specimen of mankind, on whose haggard face, deeply lined with the marks of dissipation, there still lingered faint reminders of better days long past, stood dejectedly before the judge.

"Where are you from?" asked the magistrate.

"From Boston," answered the accused man.

"Indeed," said the judge—"indeed yours is a sad fall, and yet you don't seem to thoroughly realize how low you have sunk."

The man started as if struck. "Your honor does me an injustice," he said bitterly. "The disgrace of arrest for drunkenness, the mortification of being thrust into the noisome dungeon, the publicity and humiliation of trial in a crowded and dingy court room I can bear, but to be sentenced by a police magistrate who splits his indignities—that is indeed the last blow."—New York Times.

## The Harvest Moon.

It so happens that the position of the moon is such that the full moon preceding the autumnal equinox for several successive nights in the latitude of London rises only nine or ten minutes later each succeeding evening. This phenomenon is called the "harvest moon" from a notion that it is a provision of all wise Providence calculated to enable the husbandman to take care of his grain at night if there is so much of it that it cannot be handled during daylight.

## Renamed It.

"Yes," remarked the thin chap, "he told me to name my own salary."

"Well," replied the fat one, "that was very liberal of him, I should think."

"It was so," retorted the thin one sadly, "but he didn't seem to take to the name. He changed it, and now I'm getting wages only."—Cincinnati Commercial Tribune.

## The Father's Idea.

Daughter—Papa, mamma says birthday gifts are luxuries, but I say they are necessities. Now, what do you say they are?

Father—If? Oh, I say they are nuisances.

## Fate's Ironies.

Fate at times works some strange ironies.

Mr. McHugh, an Irish member of parliament, some years ago brought forward a bill for the amendment of the law relating to contempt of court in Ireland and was soon afterward sentenced to three months' imprisonment for that offense. Mr. McHugh's bill was sent to him in proof form while he was undergoing his sentence and revised in Kilmainham jail.

Two convicts were executed at the Ichigaya prison in Japan, and one of them as he ascended the guillotine remarked that he had built it himself while serving a sentence for larceny two years before.

A few years ago a story came from a town in Staffordshire, England, of a man who took his dog to the river to drown it in order to save the expense of a license, but slipped and was drowned himself, while the dog returned home.

## MAKE IT A GENUINE SUMMER CARNIVAL

Members of Brainerd Lodge, B. P. O. E., Discuss Plan at Meeting Last Night.

## COMMITTEE OF FIVE APPOINTED

Suggestion Made that Elks Co-operate with Agricultural Society.

At the meeting of the Brainerd Lodge of Elks last night a matter of general interest came up and will be looked after by a committee of five gentlemen. These gentlemen are appointed to look into the feasibility of holding a summer carnival in conjunction with the Crow Wing County Agricultural society.

It is argued that nearly all the business men in the city belong to the Elks and as they would be interested in such a carnival if taken hold of by them it is thought it would surely be a success. It was thought last night that it might be a good thing to have some attractions at the driving park in the evening, and then during the day have ball games, races, etc., etc.

The committee named by Exalted Ruler Sanborn to look into the feasibility of such a move is composed of the following gentlemen: A. L. Mattes, R. R. Wise, J. J. Howe, W. A. Fleming and George McCullough.

## YOUNG MAN'S SAD PLIGHT.

Comes all the Way From the State of Washington and is Arrested on his First Night here.

Joseph Schoberg, a young lad not over seventeen or eighteen years of age, is languishing in the city jail and his case certainly has a pitiable side to it. He is the son of Mr. and Mrs. A. P. Schoberg who left this city last year for the state of Washington. The young man took a notion that he would like to return from Washington to his former home in Brainerd and if his story is true he beat his way nearly the entire distance, arriving here night before last.

The boy secured some liquor some where and proceeded to get polluted. He succeeded to the extent that the officers thought that he would be better off in the "husegow" and being brought before Judge Warner yesterday he was sentenced to five days in the city jail. He refused to tell where he got the liquor.

## INCIPIENT FIRE.

Small Shack Belonging to A. A. White on Fifth Street South is Reduced to Ashes.

This morning at a very early hour the department was called out, a fire having started in the one story shack owned by A. A. White south of the C. M. Patek warehouse on Fifth street south. The flames had completely enveloped the building before a stream was put on and the building was destroyed. The other buildings north were threatened, and in fact there was danger of the fire spreading as far north as Front street as there was a high wind, but the department was on hand to prevent a serious conflagration.

SHE SLEEPS HER  
LAST SWEET SLEEP

Mrs. Timothy M. Reilly Died at  
Her Home in East Brain-  
erd Last Night.

HAD BEEN A PATIENT SUFFERER

Leaves Husband and Large Family  
of Children—Well Known  
in Brainerd.

Mrs. Sarah Reilly, beloved wife of  
Timothy M. Reilly, one of the most  
beloved women of the city, died last  
night at 11:30 o'clock at her home in  
East Brainerd, and a large number  
of friends pause to shed a tear.

Although she has not been very  
active for the past eight or nine years  
on account of having sustained a  
stroke of apoplexy, she will neverthe-  
less be missed by a wide circle of  
friends. She has borne up with al-  
most incredible patience through all  
her sickness, and it was the finer  
qualities of her nature that shown  
out, and notwithstanding her unfor-  
tunate position, there was always a  
radiance which permeated every cor-  
ner of that happy home, and the  
family circle was an especially happy  
one.

A few days ago the second stroke  
of apoplexy came and from that time  
on she became unconscious and when  
the angel of peace touched her brow  
and death had taken place of life she  
was not aware of what was going on  
about her, did not know with what  
tender solicitude she was being car-  
ed for and was unconscious of the  
pain at parting.

Mrs. Sarah Reilly was born at  
Castlebar, county Mayo, Ireland  
fifty-nine years ago. She moved  
with her husband to this country in  
1870 and for nearly thirteen years  
lived at Hokah, Minn. They moved  
to Brainerd twenty years ago and  
have since then made this city their  
home.

Besides the husband there are  
four sons and five daughters to  
mourn the loss as follows: M. J.  
Reilly of this city; Patrick and Will  
Reilly, of Missoula, Mont; Thos.

Reilly, Washington; and the Misses  
Sadie, Nellie, Mayme and Dell Reilly,  
of this city and Mrs. Thos Loftus, of  
Staples.

THE DISPATCH joins with a large  
circle of friends in extending sym-  
pathy to the members of the family  
in this their sad hour of affliction.

The funeral will be held on Mon-  
day morning at 9 o'clock from St.  
Francis church.

Card of Thanks.

We wish to extend our thanks to  
our many friends and neighbors for  
their kindly assistance and sym-  
pathy during our recent bereavment in  
the death of our beloved son, Joseph  
P. Walker.

DRILLING FOR ORE.

Deering Improvement Company has Been  
Organized and is Working with  
Drill North of Deerwood.

W. C. White, the man who creat-  
ed quite a furor in Brainerd last  
spring by buying up a lot of land  
east of the city at an advanced price  
claiming there were rich ore beds  
there, evidently means business. He  
and a gentleman interested with him  
have organized a company which will  
be known as the Deerwood Improve-  
ment company. They have a drill at  
work about two miles north of Deer-  
wood and they expect to find some  
rich beds of ore.

A VERDICT FOR  
THE DEFENDANTS

In the Case of the Pine Tree Log-  
ging Company Against Bon-  
ness & Company

THOSE INDICTED ENTER PLEAS

Isaac Isaacson Plead Guilty to  
Petty Larceny and Got  
Forty Days.

In the district court this morning  
Lars L. Lee, indicted on the charge  
of assault in the second degree, was  
brought in to plead. He plead not  
guilty and his case was set for the  
first of the week.

William Skinner and Chas Schultz,  
both charged with running a gambl-  
ing house, plead not guilty this  
morning and their case was set for  
Monday.

Isaac Isaacson plead guilty to the  
indictment charging him with petty  
larceny. He was fined \$75, in de-  
fault of which he was sentenced to  
serve forty-five days in the county  
jail.

William F. Richardson, charged  
with larceny in the second degree,  
was to have plead this morning but  
he did not show up in court.

This morning the case of William  
H. Bartlett vs the Cross Lake Log-  
ging Company was taken up. This  
is a personal injury case. Bartlett  
claims to have been injured by the  
negligence of the company in run-  
ning him down on one of their log-  
ging roads, and he wants \$1,500 for  
his injuries. A. T. Larson appears  
for the plaintiff and A. D. Polk for  
the defendant company.

The case of M. S. Larson vs the  
Northern Pacific Ry. company was  
dismissed yesterday on motion of the  
plaintiff. This was a case which in-  
volved the value of a consignment of  
goods shipped from Aitkin to Backus.  
The case will be brought again. Heino  
& Bannon appeared for the plaintiff  
and Bunn & Hadley appeared for the  
railroad company.

In the case of William Millegan vs  
M. K. Swartz, Attorney W. A. Flem-

ing for the defendant demurred to  
complaint. The demurrer was over-  
ruled yesterday afternoon and the  
defendant was given twenty days in  
which to file an answer.

Yesterday afternoon the case of  
Pine tree Lumber company vs Bon-  
ness & Co., was taken up. This is a  
case where there is some misunder-  
standing about a logging contract  
and the amount involved is quite  
large. Lindbergh & Blanchard, of  
Little Falls, appeared for the plaintiff  
and H. B. Fryberger, of Duluth, is  
looking after the interests of the de-  
fendant company.

The jury went out this morning  
and returned in a short time and  
rendered a verdict in favor of the de-  
fendant company.

MUSIC AND DRAMA.

MISS RICHARDS.

One of Miss Richards' musical  
numbers is "Goethe's Erl King," a  
short poem which has been set to  
music by Schubert and elaborated  
by Liszt into a piano solo more dif-  
ficult and grand than Schubert's tune-  
ful though simpler melody.

The Erl King or Elf King, himself,  
from whom Goethe's poem takes its  
name, is regarded by many as a per-  
sonification of the damp northern fog  
which at times settles into Germany.  
The Century Dictionary however de-  
fines the Erl King as a German  
legendary goblin who haunts the for-  
ests and lures people to destruction  
and who is particularly addicted to  
destroying children. The Thirriogian  
Black Forest was the scene of the  
Erl King's mythical visitations.

The following is Goethe's poem  
whose thought is copied word for word  
in the Schubert Liszt production.  
By keeping in touch with the thought  
in the music, one can readily dis-  
tinguish the harsh, uncanny wail of  
the Erl King, the timid piping voice  
of the child and the firm, passionate,  
comforting tones of the father;

THE ERL KING.

Who rideth so late through the night-wind wild?  
It is the father with his child;  
He has the little one well in his arm,  
He holds him safe, and he folds him warm.

"My son, why hidest thou face so shy?"  
"Seest thou not, father, the Erl King nigh?"  
The Erl King, with train and crown?  
"It is the wraith of mist, my son."

"Come, lovely boy, come go with me;  
Such merry plays I will play with thee!  
Many a bright flower grows on the strand,  
And my mother has many a gay garment at hand."

"My father, my father, and dost thou not hear  
What the Erl King whispers in my ear?"  
"Be quiet, my darling, be quiet, my child;  
Through withered leaves the wind howls wild."

"Come, lovely boy, wilt thou go with me?  
My daughters fair shall wait on thee,  
My daughters their nightly revels keep,  
They'll sing, and they'll dance, and they'll rock  
[thee to sleep.]"

"My father, my father, and seest thou not  
The Erl King's daughters in yon dim spot?"  
"My son, my son, I see, and I know  
'Tis the old gray willow that shimmers so."

"I love thee; thy beauty has ravished my sense;  
And willing or not, I will carry thee hence."  
"O, father, the Erl King now puts forth his arm—  
O, father, the Erl King has done me harm."

The father shudders, he hurries on;  
And faster he holds his moaning son;  
He reaches his home with fear and dread,  
And lo! in his arms the child was dead.

—From the German of Goethe.

Laurel Street.

There is a rumor that Brainerd is  
to have a new bank, the same to be  
located in the new Con O'Brien  
building on Laurel street. The  
story goes that the bank will be back-

the city.  
Mr. O'Brien was seen yesterday  
afternoon and admitted that he too  
had heard something of the rumor,  
but had very little to say regarding

## ROOSEVELT AT PORTLAND.

Big Parade in Honor of the Chief Executive.

Portland, Ore., May 22.—President Roosevelt visited Salem, Ore., in the morning and arrived in Portland in the afternoon to spend the night. As his train reached the bridge spanning the Willamette river at Portland, a salute of twenty-one guns was fired by a battery of the Oregon national guard stationed on the elevation across the river from the Union Station. A few minutes later the train entered the station amid the cheering of an immense crowd, the din of steam whistles and the playing of bands. A committee headed by United States Senator John H. Mitchell escorted the president to a carriage and a drive about the city was taken.

In the carriage with the president were Secretary Loeb, Governor Chamberlain and Mayor George P. Williams, who was a cabinet officer when the president was a boy.

The parade was headed by a platoon of police. Then came a battalion of Spanish war veterans, under command of Brigadier General Summers, who led the Second Oregon regiment in the Philippines. The Eighth battery United States artillery from Vancouver barracks acted as a mounted escort. Following the president's carriage came a large number of citizens in carriages, the Fifteenth infantry from Vancouver barracks, the Third regiment Oregon national guards and cadets from several military schools from various parts of Oregon.

A section of the parade that attracted great attention was a human flag composed of 400 school girls. A military company of fifty American-born Chinese, under command of Seld Back, Jr., brought up the rear of the procession.

Over the entire route from the station to the city park, a distance of three miles, American flags were spread across the street. Suspended from Hotel Portland to the postoffice across the street was a large flag, the first American flag hoisted on the walls of Manila. It took the place of the Spanish flag and marked the end of the Spanish reign in the Philippines. When the president's carriage passed under the flag, he and other occupants took off their hats.

The president made two speeches, one at the laying of the cornerstone of the Lewis and Clark monument and another at the banquet given in his honor at the Hotel Portland at night by the citizens of Portland.

## DEFEATS COLUMBIA.

Reliance Shows Superiority Over the Old Defender.

New York, May 22.—By a combination of good luck and splendid sailing qualities, the new cup yacht Reliance inflicting such a defeat upon the former cup defender, Columbia, as she had never before suffered, leading her over the finish line of a twenty-five mile course off Glen Cove by fourteen minutes and forty-three seconds, official time.

Not all of the glory of the victory was fairly earned by the new boat. If it had been there would have been no doubt that the Reliance would be the next cup defender. But despite the Columbia's ill luck, the Reliance convincingly showed herself to be the better boat. She had beaten the Columbia nearly eight minutes in a broad reach of eleven miles in fluky zephyrs, beaten her one minute and fifteen seconds running free for three miles in a steady twelve-knot breeze, and beaten her four minutes and fifteen seconds in an eleven-mile thrash to windward close-hauled in a fifteen-knot southwester. This timing is unofficial and allows for Reliance's fifty-five seconds advantage at the start. When the Reliance crossed the finish line the Columbia was three miles astern, hopelessly beaten.

The first log of the day's race was not a fair test of the merits of the two boats, but it sufficed to develop surprising drifting qualities in the Reliance, supposed until now to be a heavy weather boat.

## PURCHASED IN BUTTE.

Dry Battery of Infernal Machine Made in Montana City.

Butte, Mont., May 22.—The man who placed the infernal machine on the wharf of the steamship Umbria, while she lay at the Cunard pier at New York, May 2, was here a month ago. The New York police communicated to Chief of Police Reynolds of Butte shortly after the attempt to wreck the Umbria certain peculiarities in the dry battery of the machine. The local police found it had been built by an electrical company of Butte and that the man answering the description of Rosseau, the suspect, purchased it here one month ago. He was unknown here and has not been seen since. A detective from New York is here working on the case.

Reading, Pa., May 22.—W. F. Price, a cigar lighter manufacturer here, declares that he sold to a suspicious stranger the lighter which was a part of the infernal machine found on the Umbria's pier. Mr. Price says the man called on him last February and he was about forty years of age and a foreigner, whom he said he could identify.

## DENVER STRIKE SETTLED.

Trouble Had Involved Nearly a Hundred Thousand Employees.

Denver, May 22.—The strike that for several days has practically paralyzed the business of Denver, involving nearly 100,000 men and women and threatening to force into idleness twice that number of union members, was settled at night through the efforts of a committee of the Chamber of Commerce and one from the local Typographical union. Though both sides made concessions, the victory seems to the laboring men.

## Made a Break for Liberty.

New York, May 22.—Two prisoners in the Snake Hill, N. J., penitentiary, made a break for liberty during the day. One of them, Charles Austell, was shot and probably will die. The other, Roy Carroll, was recaptured.

## Harriman Doing Nicely.

New York, May 22.—The physicians attending E. H. Harriman, who underwent an operation for appendicitis, stated that his condition was satisfactory.

## MASSACRE OF JEWS

RUSSIAN CIRCULAR ASCRIBES IT TO ACTS OF SELF-DEFENSE ON THEIR PART.

## OPINION OF COUNT TOLSTOI

THE NOTED AUTHOR CONDEMNS HIS GOVERNMENT FOR ITS BRUTAL ACTS.

St. Petersburg, May 22.—The circular of Interior Minister von Plehve issued on May 17, ascribed the massacre of the Jews at Kishineff largely to acts of self-defense on the part of the Jews and continued:

"The events at Kishineff have alarmed the Jewish portion of the population in many regions of the empire and have occasioned rumors among the Christians about impending Jewish persecutions. In some of the cities the Jews began forming self-defense associations. After I reported to his majesty about the disorders, his majesty commanded me to impress upon the commanders in the provinces and towns that they are obligated and are held personally responsible to take all the necessary measures to prevent violence and calm the populace in order to remove the occasion of fears for life and violation."

"After informing your excellency of these facts I feel it necessary to state for your guidance that no sort of associations for self-defense can be tolerated."

The Jews are not inclined to depend solely upon the police and have armed themselves in spite of the circular throughout the Jewish belt. Undoubtedly their action prevented a repetition of the massacre at Kiev, Odessa, Minsk and elsewhere.

## Count Tolstoi's Opinion.

Answering a private letter asking for opinion of the Kishineff massacre Count Tolstoi writes:

"My relation to the Jews can only be as that to brothers whom I love, not because they are Jews, but because they and everybody are the sons of one father, God."

"Before knowing all the frightful details I understood the horrors and felt intense pity for the innocent victims of mob savagery, mingled with perplexity at the bestiality of the so-called Christians and aversion and disgust for the so-called educated people who instigated the mob and sympathized with its deeds. Above all I was horrified at the real culprit, namely, the government, with its foolish, fanatical priesthood and gang of robber officials."

"The Kishineff crime was a consequence of preaching lies and violence, which the government carries on with such stubborn energy. The government's relation to the affair is new proof of its egotism, hesitating at no atrocity when it is a question of crushing movements regarded as dangerous, and is proof of its complete equanimity, which is like that of the Turkish government toward the Armenian massacres and most horrible atrocities, if only its interests remain untouched."

## LIST IS COMPLETED.

Ten Men Indicted at Duluth by Federal Grand Jury.

Duluth, May 22.—Robert Loudon and James J. O'Brien, both timber explorers, are included in the list of those indicted by the United States grand jury either for subornation of perjury or for conspiracy to defraud the government in connection with timber and stone land entries.

This brings the total up to ten, and it is understood completes the list. The whereabouts of Loudon and O'Brien is not given out, if known, but every effort will be made to apprehend them and bring them into court.

The authorities are in possession of information to the effect that E. F. Krelwitz, indicted Wednesday, is in Canada.

It is not expected that the explorers under indictment will appear in court voluntarily, as failure to furnish bail would mean for them several months in jail. The others, who are able to produce securities to the amount of \$5,000, and are in a position to take the cases into court for a final fight, are looked for to appear in court on their return to the city and arrange matters with the federal authorities.

Joseph Couture, an explorer, has been released on bond.

## ONE MAN KILLED.

Two Others Injured by an Explosion in New York.

New York, May 22.—As a result of the explosion of five barrels of hydrocarbon in the Mott Haven yards of the New York Central road, one man is dead and two others are in the hospital suffering from severe burns and other injuries. Property valued at \$100,000 was destroyed by the flames. The shock of the explosion was terrific and the windows in all buildings within a radius of 300 feet were shattered. The neighborhood is inhabited mostly by Italians and the greatest excitement prevailed.

A tank used for the storage of gas for car illumination blew up, setting fire to everything in the vicinity. Sections of the tank were blown in all directions.

The origin of the fire which caused the explosion is not clear. Reports say it started in some tar barrels and communicated with an oil car, whence it spread to the big tank.

## Confederate Veterans Adjourn.

New Orleans, May 22.—The actual business of the Confederate reunion was brought to a close and adjourned sine die at noon. General Gordon was re-elected commander-in-chief and all the department officers were unanimously re-elected.

## REVOLUTIONISTS DEFEATED.

Venezuelan Government Troops Capture Barquisimeto.

Tucacas, Venezuela, May 22.—A messenger from Barquisimeto, capital of Lara province, brings the news that the government troops under General Vicente Gomez have captured that town. Barquisimeto was fortified and it was there that the forces of the revolutionists were concentrated three weeks ago when General Matos landed again in Venezuela and took over the command of the revolutionary forces.

General Matos is now said to be trying to reach the coast in order to return to the island of Curacao.

## DR. COYLE ELECTED.

Denver Man Chosen Moderator by Presbyterians.

Los Angeles, Cal., May 22.—The one hundred and fifteenth general assembly of the Presbyterian church convened here in the morning at Emmanuel church. Two sessions were held, the morning being taken up with the annual sermon of the retiring moderator, Rev. Henry Van Dyke of Princeton university, and the entire afternoon to the election of moderator for the ensuing year. The Rev. F. C. Coyle of Denver, was elected on the second ballot.

## WAS PLANTED BY LINCOLN.

Wind Storm Tears Down Historic Elm Tree.

Springfield, Ill., May 22.—The historic elm tree, planted by Abraham Lincoln in front of the old Lincoln homestead, fell during a heavy wind and rain storm which tore down a number of trees in the city. It was the last tree planted by the hand of the martyred president. It was planted shortly after the election of Mr. Lincoln to the presidency. It will be cut up and carted away.

## ON THE FREE LIST.

President of Uruguay Removes Duty on Supplies for Foreign Warships.

Washington, May 22.—According to advices from Minister Finch at Montevideo, to the state department, the president of Uruguay has issued a decree placing supplies for foreign warships on the free list. This is of greatest importance to the American navy, Montevideo being the southern headquarters for supplies.

## Elks' Home Dedicated.

Roanoke, Va., May 22.—The Elks' National Home at Bedford City, Va., was dedicated during the day in the presence of fully 5,000 people who came from all sections of the country.

## TELEGRAPHIC BREVITIES.

Indications point to a settlement of the Chicago laundrymen's strike.

Approximately 5,000 men are now on strike in St. Louis and immediate vicinity.

Fire at Thurmond, W. Va., destroyed the general store of William Egan and company and ten residences. The loss will exceed \$50,000.

George Francis Train is quarantined at the home of his sister in Stamford, Conn., suffering from a mild case of smallpox.

It is learned from an official source that there is no truth in the report recently circulated that President Marroquin of Colombia has resigned.

Friends of the late William T. Hall, known to nearly everyone in Chicago as "Bill" Hall, are arranging a unique monster testimonial in behalf of his family.

Western Union poles and wires are being torn down along the Pennsylvania railroad line in accordance with a court decision ousting the telegraph company from the right of way.

## BRIEFLY TOLD.

Not Necessary to Leave Brainerd for Proof—You Have it Here.

Endorsement by residents of Brainerd.

Positive proof from Brainerd people.

Briefly told for the public good. Such is the following testimony: Mr. R. D. Ransom, of Third Ave., East Brainerd, fireman for the Brainerd Lumber Co., says: "For as long as twelve or fourteen years I was a sufferer from kidney ailment. My back hurt me awfully; I could stoop but when I attempted to rise, severe pain caught me in the loins. Often in bed I could not change my position and when morning came I had to be helped out of bed. The kidney secretions were of a very unhealthy color and were otherwise irregular. I commenced using Doan's Kidney Pills and one box did me so much good that I took another. The treatment cured me."

Sold for 50 cents a box, at H. P. Dunn & Co. and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

## The D-androp.

The falling of a drop of rain is a commonplace, everyday matter, but a flash of lightning—ah, that is something out of the ordinary, something to wonder at, so most men think. The humble physicist plodding on the trail of these manifestations of physical energy thinks otherwise. To him the drop of water falling gently is much more of a mystery than the sudden rupture of the air gap and the heading rush of electrical energy in a disruptive discharge.

Although rain has fallen since the dawn of creation, man knows very little about the origin, the structure of the raindrop. The reason for this is that the simple looking drop of rain is in reality a marvelous microcosm. Some day when the mechanism of a drop of rain shall be made plain it will be found that the universe itself is not more wonderfully held together.

The size of the drop is not the obstacle in the way of a clearer knowledge of the drop structure, for the average diameter of raindrops is not far from one millimeter, and men of science have to deal with quantities infinitely smaller.—Sunset Magazine.

## The Kangaroo's Kick.

When a big "old man" kangaroo stiffens his tail and converts it into a sort of revolving pivot bearing the whole weight of his body, leaving his tremendously powerful legs free for attack and defense, everybody who does not want to be ripped up or thrown in a heap for a considerable distance will give the marsupial a wide berth. Only those who have seen the full grown kangaroo in his native Australian bush with his back to a tree, scattering dogs, bleeding and torn, right and left, can form any adequate idea of the prodigious strength the animal is capable of exerting when he finds himself in a tight corner. Kangaroos are now getting scarce in the southern parts of Australia, but they are still pretty numerous in the thinly populated north.
